GET NOTICED AT NCSC24

JUNE 30–JULY 3, 2024 | Boston Convention & Exhibition Center

NCSC.PUBLICCHARTERS.ORG
The National Charter Schools Conference (NCSC24) attracts over 4,500 charter school leaders, board members, educators, state leaders, funders, and advocates to its annual conference. This year, our content and marketing will focus on attracting school leaders. Leverage your access to this audience by becoming a sponsor.

The autonomous governance structure of charter schools allows purchasing decisions to be made at the school and classroom level. That means school leaders, administrators, and even teachers, the people you will engage face-to-face at NCSC24, have the freedom to make choices to best serve their students and classroom environments. Your presence in this market can have a direct impact on the choices they make.

The National Alliance is the leading national nonprofit organization committed to advancing the public charter school movement. Beyond producing the National Charter Schools Conference, we provide leadership and convenings with key stakeholders throughout the year. There are limited opportunities to broaden sponsorship and opportunities to engage key target audiences throughout the year. Please contact Angela Christophe at angela@publiccharters.org for pricing and availability.

**School Leaders of Color Partnership**
The School Leaders of Color (SLOC) is a cohort of over 130 Black, Hispanic, Asian, and Native American charter school leaders who run high-quality public schools that shares best practices, showcases their success, and advocates for charter schools and equitable funding. SLOC typically convenes once to twice per year.

**Congressional Black Caucus Charter School Leadership & Reception Sponsor**
This event honors members of the CBC and African American charter school leaders for their outstanding accomplishments spearheading the movement to provide students and families with high-quality public-school opportunities. This is a high profile event with members of Congress and key celebrities.

**Community of Practice**
The National Alliance is leading a few new communities of practice to create opportunities for connections, shared insights and expertise, and best practices across a professional or educational area.

**National Alliance Email List Searchable/Pullable**
The National Alliance maintains a large and comprehensive database on enrollment, number of schools, breakdown of type of charter schools and management structure. This data can be viewed by a number of searchable criteria. Data is consistently verified and updated.

**APCSA Sponsorship**
Alliance of Public Charter School Attorneys (APCSA) serves as a research and networking hub for education attorneys to obtain and exchange information. It also seeks to educate and keep members current on the legal issues affecting charter schools, management organizations, and boards, both directly and indirectly. This engagement opportunity includes the bi-annual Continuing Legal Education (CLE) seminar.

**Rising Leaders Initiative**
The National Alliance’s Rising Leaders Initiative (RLI) is a newly created advocacy training program for high school students who want to improve education and school options for all students. The program will seek to train a diverse group of passionate students, empower them to become active participants in education decisions in their local communities and amplify their voices as the next generation of leaders seeking to address urgent public education challenges.

**SLC Meetings**
The State Leaders Council (SLC) consists of charter support organization (CSO) leaders from across the country. The purpose of the SLC is to provide a forum so that state charter school advocates can network, openly discuss common challenges, and share effective advocacy and organizational practices. The SLC also brings issues of local and national importance to the National Alliance, serving as a conduit between state-level challenges and opportunities and the activities of the National Alliance.
